

Postcard from my teacher

Dear Silver Birch,
Sadly the weather hasn't been as good this week but I hope you are still getting some fresh air outside and doing getting some exercise. I know how active you all are from the Travel to Tokyo challenge! I am still keeping up my walking and making sure I stay active so I can keep up with you all when we get back. I am really enjoying reading all the work you have been sending me and I love reading your responses to my postcards. Keep sending me emails, they make my day!
Take care of yourselves and I will write again soon,
Miss Gilbert
