

Postcard from my teacher

Dear Silver Birch,
It has been so lovely reading your postcards and hearing your news. I am pleased you are keeping busy. As you can see, George has achieved riding the unicycle. He has since been practising his juggling skills, so it can be quite dangerous in my house with juggling balls flying everywhere! Needless to say, I won't be trying either!
We have a new addition in the 'Mason Zoo'. He is called Otis, and he is a very friendly little thing. He lives in Molly's room and as you can imagine, Twinkle is not impressed! She has been sulking since his arrival, but I am sure they will be best friends soon. Truffles loves him but then Truffles loves everyone! Look forward to hearing more of your news. Take care of yourselves and hopefully will see you all again soon. With love, Mrs Mason xx
