

Postcard from my teacher

Dear Oak,

How are you all doing? I hope that you have been enjoying the sunshine and seeing more people now that we are allowed to. I have seen a few more friends at a distance. But I am still trying to work out how to see friends who live further away to go for a walk. I think we will just stick to the Houseparty App and Facetime for the time being.

I feel that I have been so busy with school work this week that I haven't been out in the Great Park as much as I would like. In fact, I have only been for one run. But I did manage to play tennis on Sunday as we are now allowed to go to the tennis courts and play with either people from our homes or with one other person. It was lovely to hit the tennis ball and laugh at our efforts.

I saw Miss Gilbert and Mrs Matharu in school yesterday as they were teaching in the morning, we love to have a gossip about shopping and TV programs. I think Miss Gilbert could become quite a naughty influence on my handbag shopping habits . . .

Enjoy your half term holiday next week. There is no work!

Love from Mrs Phillips
