

Postcard from my teacher

Dear Bonsai,

I hope you've all had a lovely week and had a chance to keep up with all the exciting work that has been set.

I can imagine that there has been lots of practical work being done to do with the properties of materials. Have you been finding out any exciting things whilst doing the experiments?

I hope you are still able to take walks and see more friends and family if they are nearby. It is nice that we can be in touch with more people now that are important to us.

Our family movie last weekend was Frozen 2 – I was definitely the most excited person in my family to watch it, but I know everyone else enjoyed it too.

Hope you all have a lovely weekend and enjoy the sunshine, the weather is set to be getting better again.

From Mrs Walter
