

Bonsai Spring Term Newsletter

Welcome back to the Spring term. This term our main topic is Space.

English:

The children will be writing newspapers, letters, sci-fi stories, explanation and persuasive texts.

Throughout the term, the children will continue to study grammar and punctuation with a focus on the use of modal verbs, prepositions, relative clauses, the apostrophe, parenthesis and the use of bullet points.

Maths: This term we will be revising place value for 6-digit numbers, the formal written methods of addition, subtraction, multiplication and division, decimal numbers and ordering fractions. We will be learning about percentage/decimal equivalence, calculating percentages, adding and subtracting fractions, measuring angles and reading and drawing line graphs.

To support your child in maths, it would be helpful if you could encourage him/her to practice telling the time regularly, to read recipes and weigh items when cooking and to calculate shopping totals and change due.

Topic: In history we will be looking at the history of space exploration. We will be creating space toys and sculpting our own clay rockets and robots.

Science: We will be exploring space.

RE: We will continue our study of the Hindu faith, learning about the Trimurti, and then in the second half term, study the Easter story in more detail as we approach Easter.

Upcoming Events

PE this term is on Monday and Wednesday

29th & 30th Jan KS2 production
4th & 6th Feb Parents evening
