

Postcard from my teacher

Dear Beech,

Hasn't the weather been lovely lately? I do hope you have been able to get out in the sunshine and fresh air some time in the last week, either in your gardens or when exercising.

It really makes me feel good when I see all the plants coming into blossom, or sprouting new leaves.

I've been out in my garden this week, planting some sunflower seeds and scrubbing the patio (which had gone a bit green over the winter). I'm hoping that the weather stays warm so that we can have a barbecue over the Easter weekend. If not, I'll just have to curl up inside the house with my family, a good movie and a chocolate egg to share!

Wishing you and your families a peaceful and joyful Easter.

Mrs Duerden
