

Postcard from my teacher

Dear Beech,

I hope you've all had a great week. Last Saturday, my family made the most of the lovely weather with a mega walk around the Great Park. We walked from Cheapside to Windsor and back. It took us 3 ½ hours. Still, the pizza we had afterwards tasted all the more delicious after all that effort!

This week, I helped my son with his schoolwork. He is doing 'A' Level English and one of the plays which he is studying was being shown on Youtube. It was over 3 hours long and he was finding it hard to focus, so we watched it together and then discussed what we thought it was about. My husband, who was painting the kitchen, said that the play seemed to have a lot of shouting, which was fairly accurate!

I'm delighted to say that I have seen some fantastic work from some of you, this week. I have read some very exciting fight scenes and seen some great mosaics and Greek vase designs.

Well done for all your hard work!

Take care of yourselves, Mrs Duerden
