

Postcard from my teacher

Dear Beech,

I hope you haven't felt too trapped indoors by all the recent rain showers. I made the most of my time inside to finish reading my Kate DiCamillo book and I have now downloaded another 99p book called 'The Kite Rider'. It's about a boy living in Ancient China who joins the circus. I will tell you more about it next week when I have read more of the story.

Last weekend, it was my birthday so we celebrated with a takeaway meal. I received some great gifts, including some new running shoes (see the photo). I had worn out my old ones with all the walking and running that I have been doing during lockdown!

Today, I had a lovely time meeting up (outdoors) with some family. My cousin is an actress in Los Angeles, so I don't see her very often to catch-up on news. Nowadays, she is very busy recording audiobooks which have become more popular because of lockdown. I hope you are all managing to keep in touch with all your friends and family too! Mrs Duerden
