

Postcard from my teacher

Dear Beech,

How are you all? I am in a good mood because I have finally been able to book myself a haircut! It won't happen for a couple of weeks, but I'm pleased just to have an appointment arranged.

The last week has been fairly quiet. While the weather was good, we had friends over on a couple of evenings and sat in the garden chatting. Since the weather has turned more showery, I've not been able to walk as much as usual, and I've had to get most of my exercise by running on the treadmill.

As a result, my legs are currently very stiff and I'm walking like a scarecrow!

Thank you to everyone who has been sending in work. You've clearly been having a lot of fun finding out about magnets and researching creatures for your non-fiction books. I've learned lots of fascinating animal facts!

Take care of yourselves,

Mrs Duerden
