

Postcard from my teacher

Dear Beech,

I hope you have all had a good week. I don't know about you but the cooler and wetter weather has certainly made it easier for me to stay indoors and do my schoolwork! Thank you to those of you who have sent in work for us to look at. I am particularly excited to read your book reviews and to find out which books future year three classes might enjoy.

This has been another quiet week. I met up again with my old university friend to walk with her dogs, and we had a Chinese takeaway with my brother to celebrate his birthday.

This afternoon, I have a big pile of ironing to look forward to! To make it more interesting, I will put on a film which I have recorded from the TV and watch that as I work. If my son is free to join me, we might watch 'Jurassic World' or 'Wonder' which we read together as a book a few years ago.

Take care of yourselves,

Mrs Duerden
