

Postcard from my teacher

Dear Chestnut,

How are you all? It has been lovely hearing what some of you have been up to. I was very impressed to find out that a member of our class completed a 5km scooter for the NHS and another made an African village out of clay! Please do send us more messages and photographs of what you have been doing. We have been busy with home school. Instead of Joe Wicks, we now go out for an adventure each morning. Usually to climb trees or hunt for bugs! We have got a bit wet this week but it is fun splashing in puddles and Arthur loves the rain! All of the rain has encouraged our vegetables to start growing. Hopefully by the summer, they will be big enough to eat! Have you planted anything at home? Take care of yourselves and I will write again soon.

Love Mrs Wragg
