

Postcard from my teacher

Dear Chestnut,

I hope you are all well. It has been nice seeing a bit of rain over the last couple of weeks - my garden definitely needed it! My vegetable patch has gone crazy - you should see the size of my beetroot and courgette plants! We also had a great time jumping in muddy puddles one day! I was very excited last weekend as I got to meet my new baby niece! I wasn't allowed too close but it was lovely seeing her in the flesh. She has orange hair and is beautiful - I can't wait until I'm allowed to cuddle her. Well done to those of you who have been going on Doodle Maths regularly - when I last looked, a member of our class was on a 255 day streak!! I have also loved looking at all of your amazing rainbow work - some of your grow a rainbow experiments worked really well! That's it for now, stay safe and I will write again soon.

Love Mrs Wragg
